Subject Index for Volume 16

A

Acquired immune deficiency syndrome. See AIDS
Agricultural policy
  macroeconomic impact in India, 55
  United States wheat program, 237
AIDS
  model for analysis of optimal policies to control, 97
  model for preventive and coping policies in, 473
Australia, general equilibrium model of urban transport demands, 427
Auto market, protection on domestic oligopoly effects on United States, 299

B

Banking industry, market and policy analysis of United States, 559
Basic needs, income distribution and fulfillment of, 625
Brazil, income mobility estimation from census data, 187
Budget deficits
  Denmark, 395
  Taiwan, 345

C

CAFE. See Corporate Average Fuel Economy (CAFE) standards
Canada, immigration and unemployment in, 1
Carbon taxes, strategic interactions between energy consumers and producers, 577
Census data, income mobility estimation from, 187
Cointegration, Japanese import demand behavior and, 291
Cointegration tests, savings and investment links and, 459
Computable general equilibrium (CGE) analysis, macroeconomic impact of agricultural policy in India, 55
Consumer behavior, trade policy and United States economic growth, 119
Corporate Average Fuel Economy (CAFE) standards, effects of protection on domestic oligopoly and, 299
Credibility, Federal Reserve, 215
Cross-border deposits, and money demand in European Monetary Union (EMU) transition, 27
Currency stabilizing fee/subsidy, exchange rate volatility and, 113

D

Denmark, adjustment with growth in, 395
Developing countries, external adjustment in, 353

E

Econometric model study of Sri Lanka, 335
Energy consumers, strategic interactions between producers and, 577
European Monetary Union (EMU), fiscal policy coordination and flexibility under, 541
European Monetary Union (EMU) transition, cross-border deposits and money demand in, 27
Exchange rate
  currency stabilizing fee/subsidy and volatility of, 113
  Feldstein-Horioka puzzle and, 459
  pass-through of exchange rates to import prices, 609
Exogenous shocks, Sri Lanka and, 335
Exports
  and growth, 165
  Japanese voluntary export restraint agreements (VRA), 147
  trade policy and United States economic growth, 119
External debt-servicing difficulties, developing countries and, 353

F
Federal Reserve
credibility measure, 215
policy, 233
Feldstein-Horioka puzzle, exchange rate regimes and, 459
Financial predictions, Federal Reserve forecasting model and, 233
Fiscal policy coordination, European Monetary Union (EMU) and, 541
Forecasting model, Federal Reserve, 233
Foreign debt problems, North African countries, 597
Foreign exchange market, currency stabilizing fee/subsidy and exchange rate volatility in, 113
Foreign firm profit margin behavior, pass-through of exchange rates to import prices and, 609

G
General equilibrium macroeconomic model, growth dynamics in, 265
General equilibrium optimization model, savings and investments, 459
Global warming, strategic interactions between energy consumers and producers, 577
Growth dynamics, in general equilibrium macroeconomic model, 265

H
HIV
model for analysis of optimal policies to control AIDS, 97
model for preventive and coping policies in, 473
Housing market, user cost estimation of owner-occupied housing, 327
Human immunodeficiency virus. See HIV

I
Immigration, unemployment in Canada and, 1
Import demand behavior, Japanese, 291
Import prices, pass-through of exchange rates to, 609
Income distribution, basic need fulfillment and, 625
Income mobility, estimation from census data, 187
Income tax and unemployment assistance system, individualization of, 417
India
growth dynamics in, 265
inflation model, 677
macroeconomic impact of agricultural policy in, 55
Individualization, of income tax and unemployment assistance system, 417
Inflation
Federal Reserve credibility and, 215
lag from money growth to, 529
model in India, 677
Input-output model, budget deficits in Taiwan and, 345
International debt crisis, 353
International trade, Japanese import demand behavior, 291
Investment rate, phased increase in United States, 653
Italy, regional unemployment, 497

J
Japan
Japanese import demand behavior, 291
Unites States-Japan voluntary export restraint agreement (VRA), 147

L
Liberalization, exports and, 165

M
Macroeconomic policies, in Sri Lanka, 335
Macroeconomic relationship, income distribution and fulfillment of basic needs, 625
Macroeconomic stabilization, fiscal policy coordination and flexibility under European Monetary Union (EMU), 541
Market and policy analysis, United States banking industry, 559
Money demand, and cross-border deposits in European Monetary Union (EMU) transition, 27
Money growth, to inflation, 529
Money illusion, long and variable lags, 529

N

North Africa, foreign debt problems, 597

O

Owner-occupied housing, user cost estimation of, 327

P

Population growth, transport usage and, 427
Producer behavior, trade policy and United States economic growth, 119

S

Sacrifice times, United States investment rate and, 653
Sri Lanka, econometric model study of, 335
Supply-side measures, Denmark and, 395

T

T-year gains, United States investment rate and, 653
Taiwan, forecast of regional input-ouput approach, 345
Trade policy, United States economic growth and, 119
Transport demands, urban, general equilibrium model of, 427

U

Unemployment
  Canadian immigration and, 1
  individualization of tax and unemployment assistance system, 417
  Italy and regional, 497
United States
  agricultural policy reform, 237
  auto market and protection on domestic oligopoly, 299
  market and policy analysis of banking industry, 559
  phased increase in investment rate, 653
  trade policy and economic growth, 119
  United States-Japan voluntary export restraint agreement (VRA), 147
Urban transport demands, general equilibrium model of, 427
User cost estimation, of owner-occupied housing, 327

V

Voluntary export restraint agreement (VRA)
  effects of protection on domestic oligopoly and, 299
  United States-Japan, 147
VRA. See Voluntary export restraint agreement (VRA)

W

Wheat program, United States agricultural policy reform, 237
